

Flagpole Courtyard Adam Miller's 10th Grade Personal & Eagle Scout Project

BRICK ORDER FORM

Hello, my name is Adam Miller and I am a tenth grade student at SCVi Charter School and a member of Boy Scout Troop 609 and the Order of Arrow. For my Tenth Grade Personal and Eagle Scout Project, as a way of giving back to my school for all that they have done for me, I am planning to build a Flagpole Courtyard that will consist of bricks that you can purchase to honor a student, teacher, me, the school, or promote your company. This Courtyard will also consist of 3 flagpoles, 20-25 feet in height. By purchasing a brick you will help to identify SCVi as a school, beautify the campus and help me to fund this project. My goal is to raise \$5,000. **It is not necessary to buy a brick, any donations are appreciated.** All donations are tax deductible within IRS guidelines. Thank you for your support!
